The World Coming To Us

IT'S TRULY AMAZING how God literally brings people from all over the world to our doorstep here in America. Our staff always take such a unique open-door opportunity to share Christ with these folks as He brings them across our path. Our Los Angeles Director, Frank Baldus, shared recently that while he was ministering at Seal Beach pier, he saw a group of people with one of their women wearing a headscarf of the type Muslims use. As they came closer, Frank could hear that they were speaking a language other than English. He immediately grabbed one of our multi-language JESUS Film DVDs in faith and found out that these folks were speaking Somali. The DVD presents the Gospel in 24 different languages which includes Somali! This was happily received as Frank offered it to them as a free gift, and so, we pray that God will use this tool of evangelism as they listen in their own language about salvation through Christ alone.

Us Going Into All The World

OUR OAC STAFF REJOICE at what God is doing in the country of Bolivia. They tell of one evening as they ministered to a tribe located deep in the jungle, a five hour drive to reach. The electric generator was set up and everyone in the area gathered to watch the film on Christ which our staff had brought for this purpose. All who attended acknowledged that they had put their faith in Christ that night. The pastor traveling with our team encouraged these folks in the Lord, and the new believers joyfully sang Christian choruses into the night. What a thrill to have great fellowship and then see the land which had been cleared in the jungle in preparation for the church which would be built soon. Truly, His Word will accomplish what He desires and achieve the purpose for which it was sent.

OAC/USA is trusting the Lord to use this ministry to impact 25 cities in America with the Gospel through open-air evangelism and other ministry by means of strategic establishment of branch ministries by the year 2025.
