## Reaching Youth in the USA

**ONE OF OUR OAC TEXAS** staff couples, Chip and Kim Wolfe, take time each year to minister in Vermont at a children's camp. This past year was no exception, and we rejoice at the following note which Chip and Kim shared with us recently. "I wanted to give you a praise from your time at River Of Life this summer. A young man received Christ while being there with you (his dad works with my husband and is not a Christian). His son was witnessing to his dad and his mom (they are divorced) and to some of the guys at his father's work. He also insisted he wanted to be in church each week and is reading his Bible everyday. It is wonderful to see this young man in 'action.' Thank you for all you do to share Christ!"

## Reaching Youth in Paraguay

**OAC STAFF MAN**, Chip Welton, just returned from a time of ministry in our Paraguay branch. We are thankful to God for the way doors for school outreach have opened in that country. Our staff there plan to reach 50,000 students this year and often use their musical talents with great effect. Through the years, students as well as teachers, have been impacted. We remember a school principal who was left impressed with the program where four teachers made decisions for Christ. Then, what a powerful testimony it was when a student, who was bringing drugs to sell at school, came up front at one of the presentations and gave his life to Christ. To God be the glory!

OAC/USA is trusting the Lord to use this ministry to impact 25 cities in America with the Gospel through open-air evangelism and other ministry by means of strategic establishment of branch ministries by the year 2025.
